Home / post / Finnish Lessons #1: Where are the roots of Finland's education success? BLOG by pasi sahlberg Sat 05, 2011 07:49 The roots of our current education system date back to the 1960s when it became clear that the country needed better-educated citizens if it wanted to catch up to its western neighbors in prosperity.

In the Introduction to Finnish Lessons,
Pasi Sahlberg succinctly outlines the
reasons why other countries should
examine the highly successful Finnish
educational system: - It's dramatic rise
from a mediocre to exemplary system
that has both raised the bar and
narrowed the gap in learning for all
students; - The Finnish Way of change -
which lacks school inspections,
standardized ...

Finnish Lessons: What Can the World Learn from Educational ...

Finnish Lessons is a first-hand, comprehensive account of how Finland built a world-class education system during the past three decades. The author traces the evolution of education policies in Finland and highlights how they differ from the United States and other industrialized countries. He shows how rather than relying on competition, choice, and external testing of students, education ...

Finnish Lessons - Pasi Sahlberg - Google Books

"Pasi Sahlberg is the best education policy expert to share the Finnish experiences with the international community. This book confirms that he is not only a practitioner but also a visionary that we Finns need when searching for the solutions to our educational challenges." --Erkki Aho, director general (1973-1991), Finnish
