And, bringing a car back to its original condition is laborious and expensive (if it doesn't require another visit to a paint shop). Long story short, it pays to take care of your vehicle's paint.

Basic Automotive Paint Care From An Expert At Meguiar's

A layer of car wax seals scratches and chips in the paint, preventing the exposed metal from corrosion. After waxing, a thin layer of wax covers the clear coat, protecting it from sun fading and bird droppings. Car wax fills up the minor scratches, making them less visible. And of course, the wax makes the car look shiny.
