Contract law protects the purchaser without his knowledge. The phrase usually displayed at checkouts regarding sales and offers, "This will not affect your statutory rights" refers to such implied terms. The offer and acceptance are the visible conditions of the contract, but perhaps even more obvious is the requirement of consideration.

### Examples of Contract Law Cases | What is Contract Law?

Contract law is a body of law that governs, enforces, and interprets agreements related to an exchange of goods, services, properties, or money. According to contract law, an agreement made between two or more people or business entities, in which there is a promise to do something in return for a gain or advantage, is legally binding.

### Contract Law - Definition, Examples, Cases

In its essence a contract is an agreement which the law recognises as giving rise to enforceable obligations. [40] As opposed to tort and unjust enrichment, contract is typically viewed as the part of the law of obligations which deals with voluntary undertakings, and accordingly gives a high priority to ensuring that only bargains to which people have given their true consent will be enforced by the courts.
