Critical Path Buckminster Fuller

Critical Path is a book written by US author and inventor R. Buckminster Fuller with the assistance of Kiyoshi Kuromiya. First published in 1981, it is alongside Operating Manual for Spaceship Earth one of Fuller's best-known works. Vast in its scope, it describes Fuller's own vision of the development of human civilization, economic history, and his highly original economic ideology based, amongst other things, on his detailed description of why scarcity of resources need no longer be a decisiv

Buckminster Fuller is an eclectic genius who wrote a number of books, but in my opinion, none so seminal a work as Critical Path. It used to be a textbook and required reading at college level. Anyone would benefit from Fuller's research and recounting of the origins of commerce, trade and even city-states that grew up along ancient trade routes.
