### Wright & Boorse, Environmental Science: Toward A ...

While the title might not win any awards for creativity, Environmental Science 10th Edition (appx. \$67) by Daniel Chiras is nevertheless a relevant introductory text for undergraduates. It's also been noted as a fair choice, as it attempts to offer both sides of contentious issues. Includes go green tips.

### Environmental Science: Toward A... book by Richard T. Wright

In light of current political tensions at the China-India border ([ 1 ][1]), the two countries should consider their shared purpose and the mutual benefits that would result from cooperation. Both countries face environmental challenges at global, regional, and local levels, and both have the capabilities to be global leaders in providing environmental solutions. We urge the governments of ...
