Heathkit is the brand name of kits and other electronic products produced and marketed by the Heath Company. The products over the decades have included electronic test equipment, high fidelity home audio equipment, television receivers, amateur radio equipment, robots, electronic ignition conversion modules for early model cars with point style ignitions, and the influential Heath H-8, H-89, and H-11 hobbyist computers, which were sold in kit form for assembly by the purchaser. Heathkit manufac

Heathkit - Wikipedia

The clock uses Heathkit's universal icons for PM and alarm mode, easy to understand in case you have visitors from out of town, or the other side of the planet, or beyond. Its peaceful alarm warbles pleasantly, just the right amount to wake or alert you. It may be the first clock you use that will make you feel like the designers thought about you.

A site dedicated for the AM Radio Amateur and vintage radio. Home of the AM Press/Exchange, The AM Forum (the largest BBS of it's kind),and The AM Classifieds, Photos, Audio, and technical information. Audio and Video chat rooms.

Broadcast Audio from your DX-60 - Amfone

I also read and re-read Heathkit's excellent explanation of how the radio worked. Reading that manual was almost like taking a course in radio. It helped me to understand the workings of a superheterodyne circuit. I learned to read schematics, to trace signals, and to do voltage measurements to the point where, with the help of an RCA tube ...
