Formula for Creative Success ...

In Your Creative Element is an original work on one of the hottest topics in business written by a creative director who has made it her business to unpick how and why creative ideas are born, develop and survive or die. The author has identified 62 elements that affect creativity and has created a unique 'Periodic Table of Creative Elements'. This simple framework adds logic and science to the concept of creativity and can be explored by anyone to find which creative elements are most ...

In Your Creative Element by Bridges, Claire (ebook)

In Your Creative Element does an excellent job at matching art with science but more attention needs to be applied to the creative process of more specific business applications. The book approaches the topic of creative thinking from various angles (convergent thinking, design thinking, incubation, creative briefs, etc.) but these topics are presented briefly without detailed case studies showing businesses from a wide variety of industries using the book's method.

In Your Creative Element Reveals the Formula for ... Well ...

In Your Creative Element. I believe that we all have the ability to be creative - it is a muscle that can be exercised and as such all people have creative ability if they try. This book is almost a toolkit - or perhaps personal trainer - for accessing that creativity.
