Pronunciation in Wikipedia should be transcribed using the International Phonetic Alphabet (IPA), except in the particular cases noted below.. For English pronunciations, broad transcriptions should be used; these are intended to provide a correct interpretation regardless of the reader's accent. The system for doing this is outlined at Help:IPA/English, and the first instance should include a ...

I can highly recommend this English Pronunciation Workshop course. I came to this country at the age of 60. I had only some knowledge of English that I had learned moving to Canada over 30 years ago. People had always told me that an "old parrot cannot learn to speak. But I bought this course, made the effort and proved them wrong.
