One of the most distressing is that  
having such thoughts means that you  
unconsciously want to do the things that  
come into your mind. This is simply not  
true; in fact, the opposite is the truth.

Obesity, also called corpulence or  
fatness, excessive accumulation of body  
fat, usually caused by the consumption  
of more calories than the body can use.  
The excess calories are then stored as  
fat, or adipose tissue. Overweight, if  
moderate, is not necessarily obesity,  
particularly in muscular or large-boned  
individuals.
