Petrol Lawnmowers Buyers Guide. Petrol lawnmowers are now becoming more popular with gardeners as they become cheaper to purchase and easier to look after. Most modern petrol mowers use standard unleaded petrol straight from the pump, so no more mixing up fuel for 2 stroke engines. The main benefit is that a petrol mower can go anywhere - it is not tied to a power outlet, and it can also generally cope with longer grass due to the extra power.

### Petrol Lawn Mowers - Buyers Guide

The general rule we recommend when choosing a mower is to consider your lawn area. If your lawn is around 500-600 square metres then opt for a petrol power lawn mower. Also consider storage as petrol mowers will need more storage than an electric hover mower for example. Who doesn't love the look and smell of freshly mown grass?
