Railway Heraldry | The Heraldry Society

A two-winged wheel on a Deutsche Bahn (German railways) building in Dresden A winged wheel is a symbol used historically on monuments by the Ancient Greeks and Romans and more recently as a heraldic charge. The symbol was associated with the Ancient Greek god Hermes and as a representation of the chariot (or velocipede) of Triptolemus.

In the Heraldry game, you have to memorize the various elements in a coat of arms, with more or less complex shapes, colors and patterns while dealing with distracting tasks.

Heraldry - AARP

It was a symbol devised by the Railway Executive of the British Transport Commission for use on its locomotives, and was referred to as a "totem", and as such British Railways was entitled to display it in whatever manner they chose, The 'directive' issued stated that it should face FORWARD on BOTH SIDES of locomotives.

British Railways Locomotive Crests - Railway Matters

The Midland Railway (MR) was a railway company in the United Kingdom from 1844. The Midland was one of the largest railway companies in Britain in the early 20th century, and the largest employer in Derby, where it had its headquarters. It amalgamated with several other railways to create the London, Midland and Scottish Railway at grouping in ...
