One day, as unthinkable as it is now, this won't hurt as much. We must take care of ourselves as best we can. Live, since we have so fortunately been given the change to. Mourn when our heavy hearts can no longer bear the weight of grief. And we must remember, in spite of the pain in remembering, so the ones we

characterized by two things. The first is a refusal to adopt a right to care—the closest thing the U.S. system has to a right to health care is EMTALA, an act passed in 1986 that requires the provision of emergency care for the indigent and uninsured. The second is the unequal and ineffective rationing of medical services by ...
