Let the Speedy Glass ® experts guide you in choosing the right remote car starter for your needs. For a safe and faster remote starter installation, it is best that your vehicle allows for a wiring harness. Range of the signal. The choice of a remote car starter is different for every person and is highly dependent on one important factor—the range of the signal—which should reflect one's needs and daily habits (work, home, etc.).

Remote car starter | Speedy Glass

Inside of it are the wiring connections needed to connect the remote starter. These include the power, ignition, accessory, starter, parking light and brake wires. Put on the safety gloves and goggles, then identify each wire using the voltmeter or multi-meter, installation kit instructions and car owner's manual.
