Statistical Persuasion | SAGE Publications Inc

Many presentations require data to be presented. These kinds of evidence require the use of numbers. Numbers can be boring to listen to and tedious to present. Let's look at some of the ways to present statistics in the most interesting and persuasive manner.

Using Statistics To Persuade - Speaking Tips

Logical conclusions come from assumptions and decisions derived from weighing a collection of solid facts and statistics. Academic arguments (research papers) rely on logos. An example of an argument that relies on logos is the argument that smoking is harmful based on the evidence that, "When burned, cigarettes create more than 7,000 chemicals.
